

ITV Denkendorf Produktservice GmbH,

a subsidiary of the German Institutes for Textile and Fibre Research, develops and manufactures high-quality medical products for clinical applications.

With a vertical range of manufacture from raw material to end product, we see ourselves as a reliable partner and supplier to medical device manufacturers worldwide. ITVP has outstanding expertise in the development and manufacture of medical implants, with a focus on the synthesis of absorbable polymers, their processing into yarns and monofilaments, as well as textile technology processes for the production of innovative knitted, braided or woven structures.

Textile machine mechanic (m/f/d) in warp knitting / raschel knitting or knitting technology (circular or flat knitting) with readiness for in-house retraining as warp knitter

To strengthen our team in the field of development and production of textile, mainly knitted medical products, we are looking for a committed, flexible employee as soon as possible.

Your tasks:

- Operation of Raschel machines (pilot plants) of the manufacturers Liba, Mayer and Jakob Müller AG in clean rooms including roll change, troubleshooting and insertion of new knitted fabric coverings
- Adjustment of the machines to existing patterns after technical instruction
- Conversion of the machines to different machine units
- Maintenance and servicing of the machinery (also winding and warping machines)
- Support for other processes in the production of knitted nets
- Careful documentation of the manufacturing process according to QM requirements

Your qualities:

- Independent, conscientious working style
- Professional experience in raschel knitting an advantage, but not a prerequisite
- Good knowledge of written and spoken German, knowledge of English an advantage
- Enjoy teamwork and organising the work
- Willingness to work shifts (if operationally required)

We offer you an employment contract initially limited to two years with a working time of 39.5 hours per week.

Depending on your qualifications, you will be paid according to the TV-L.

Please send your application documents, including your possible starting date, by e-mail to info@itvp-denkendorf.de by 30.09.2022.

If you would like to find out more about the position in advance, you can reach us by telephone on 0711-9340-0.
